I highly recommend Kate Penney Howard as an outstanding public speaker.

Over the past two years, I have had the privilege of attending several of Kate's speaking engagements, the last of which was a large group presentation at the Roots Tech 2024 conference in Salt Lake City. I can confidently say that Kate is one of the most engaging, insightful, and inspiring speakers I have encountered.

Kate possesses an exceptional ability to connect with audiences of all sizes and demographics. Her presentations are not only meticulously researched but are also delivered with a natural charisma that captivates the audience from start to finish.

One of the qualities that sets Kate apart is her ability to weave storytelling with practical, actionable insights. Kate has a unique way of breaking down complex topics into relatable and digestible content, which makes her presentations both educational and inspiring.

I wholeheartedly recommend Kate Penney Howard for any engagements.

Her passion, knowledge, and dynamic presentation style make her an invaluable asset to any event or organization. Should you require any further information or wish to discuss her qualifications in more detail, please feel free to contact me.

I've listened to Kate Penney Howard present on multiple occasions, and each one has been flawless. She is always well prepared to educate on the topic at hand, whether it's cultural/societal trends, techniques to break down brick walls or navigate endogamy, or how to be empathetic to someone who is directly impacted by a DNA surprise.

I highly recommend Kate as a speaker, and look forward to discussing this with you further.

Kate Penney Howard is a dedicated genetic genealogist. I have had the distinct honor of working alongside Kate in a professional capacity through DNAngels and can wholeheartedly attest to her talent, integrity, and deep commitment to the individuals and families she serves.

Kate's expertise as a genetic genealogist is unparalleled, particularly in cases that require specialized knowledge of endogamy and incest. She approaches each case with a unique combination of skill, patience, and empathy, ensuring that even the most challenging situations are handled with the utmost care. Her ability to unravel complex genealogical puzzles has proven invaluable in helping individuals understand their family histories, often in the face of sensitive and emotionally charged discoveries.

In addition to her work as a genealogist, Kate's background as a pastor further enhances her capacity for compassion and empathy. It is evident that she applies her pastoral skills in her daily interactions. Whether delivering difficult news or providing emotional support to those she assists, Kate demonstrates unwavering kindness and thoughtfulness.

Kate is also a gifted communicator and speaker. She has presented at numerous conferences across the country, including the prestigious RootsTech, where her ability to engage and inspire audiences is consistently evident. Her presentations are not only informative and easy to understand but also delivered with warmth and sincerity, further reflecting the compassionate nature she brings to all her endeavors.

On a personal level, it has been an incredible privilege to know Kate not only as a colleague but also as a friend. Her kind-heartedness and thoughtfulness have made a lasting impact on me, and I am grateful for the opportunity to work with someone of such high character and integrity.
